FIVE INJURED WHEN TRAIN STRIKES AUTO; ONE YOUTH MAY DIE

Unontown High School Boy Fatally Hurt in Collision at Dangerous Crossing.

AUTO BUS CATCHES ON FIRE

Vanderbilt-Star Junction Car Damaged by Flames Near Perryopolis, but None is Injured; Three Hurt When Automobile Goes Over Bank

Special to The Courier.
UNIONTOWN, May 23.—Little hope is entertained for the recovery of the two teenagers, one of whom was a high school boy, injured last evening when the automobile in which they were driving was struck by a Baltimore & Ohio passenger train at the Fayette street crossing. The other four, while painfully hurt, will recover. Markley was still unconscious at noon. The accident occurred during a driving rain, which it is believed prevented the driver of the automobile from hearing the train's approach.

THE INJURED.

MART MARKLEY, 17, consciousness of the brain, fractured skull and internal injuries. Cut on forehead, not serious.

BENNY BROWNFIELD, 16, South Union township, laceration of forehead, wound of head and body.

RUSSELL HODGE, 17, South Union township, wound of head; condition not serious.

RALPH ROUGH, 17, consciousness and memory lost; cut on forehead, not serious.

PAUL CRAIG, 17, bruises on arms and legs, walked home.

George Fuller, who was driving the car, and Frank Hyatt, who was in the front seat with him, remained in their places and escaped injury.

The boys were on their way to the junior banquet at the Union Club. On the return trip they started across the tracks, although the 7:32 Baltimore & Ohio train was due. Fuller did not see the train until he drove on the rails. He tried to avert his car aside, but the heavy engine was upon the big touring car and struck it about the middle of the bonnet. The occupants were thrown in different directions. Brownfield and Markley became unconscious when picked up.

AUTO BUS LOADED WITH WOMEN RUNS; NONE HURT

A score of people were thrown into the air by the impact of the bus with the steel junction-Vanderbilt line, caught fire, but was damaged to the extent of \$2,000. All of the passengers got out of the vehicle in safety, but were fearing of an explosion. The flames did not reach the gasoline tank.

The auto bus was bringing a party of church function persons. After passing through the intersection, the bus ran into the steel junction near the Washington Run railroad crossing, it was discovered that the under part of the machine was black. Charles Moore, of Vandergrift, the driver, stopped the automobile and the passengers got out of the single door at the front of the machine. Most of them were women and children. The car was in the part which hit the fire.

The bus landed around the machine and it was considerably damaged. The cause of the fire is not known. Present, who say the automobile past Vinton Street, say the few sparks, friction resulting from the heavy load may have caused the accident.

AUTO CRASHES OVER BANK; THREE PERSONS ARE HURT.

By Associated Press.
WHEELING, W. Va., May 23.—Emboldened by the headlight of an incoming car, Frank Green drove his automobile over a 20-foot embankment, but next left today. Green was greatly injured and his companion, Milton Shantz and Harry Rector, were seriously hurt.

Tablet Unveiled in Memory of Monroe Wireless Operator.
By Associated Press.

NEW YORK, May 23.—A tablet to the memory of Ferdinand J. Kuehn, the prominent wireless operator of the Ohio telephone company, Monroe, was unveiled in a public service on the East Side yesterday. The tablet is a gift from the alumni association of the school of which young Kuehn was a member.

Kuehn gave up his life to a negro woman in the Monroe, the division with the steamer. Kuehn set on January 30 and so lost his life.

IEWS CONFLICT OVER PLAN TO INSTALL WATER METERS

No Protest Heard, Officials of Company Say; Tenants Say Pay the Rent.

Conflicting views are being taken by water consumers in the matter of using meters instead of the flat rate. While several persons have filed rather strong objections to any change in the present system, others are said to have notified the Connellsville Water Company that the meters will be entirely satisfactory. It was stated at the offices of the water company today that virtually no protests against the installation of meters has been made there.

Now that water would be charged by meter instead of the flat rate, rents are sent to those consumers who pay the maximum domestic rates—\$2.60 a month. This amount will purchase by meter, five barrels a day, or approximately 233 gallons. This would total 7,000 gallons a month, more than the average family uses.

Under the old contract, consumers who desired water by meter, were required to pay for the meter. Where the water company imposed upon meters being used, it must furnish them. Consumers who do not want to be installed by 1/2.

The water company, it is stated, has no hard and fast rule requiring the owner of the property to pay the water rate and it has been stated that arrangements can be made to have tenancy pay this charge, except in large buildings where there are several dozen families.

About 300 consumers are now using water by meter, having purchased the meters themselves. The total number of consumers in the city is approximately 3,000.

According to a statement from the water company's office, 27 cents is a reasonable rate for 1,000 gallons of water, or twice the average for other consumers.

No further steps have been taken in the matter of contesting the right of the company to install meters against the wishes of the consumers, or of council's proposal to charge the company \$1,000 a month rent for the use of the streets.

BASEBALL PRAISED

Great Builder of Character, Says Dr. Maitland Alexander.

By Associated Press.

CHICAGO, May 23.—Dr. Maitland Alexander, moderator of the Presbyterian General Assembly today reiterated his allegments to baseball as the best of outdoor pastimes.

"Baseball is the greatest and deepest of the world's sports," he declared. "It lends them all as a builder of character. There is nothing I enjoy more than watching a game."

Sunday baseball, however, Dr. Alexander condemned severely. He told interviewers that he was greatly interested in the Pittsburgh team and considered Fred Clarke a real leader of men.

Co-operation with the Sabbath organizations of other Protestant denominations, and with those of the Roman Catholic Church was urged today in the report of the Sabbath observance committee of the Presbyterian General Assembly.

WONT MEET LINDSEY

John D. Jr. Refuses to Talk Strike Situation With Denver Chiefs.

By Associated Press.

NEW YORK, May 23.—John D. Rockefeller, Jr., put an end to the persistent rumors of a proposed conference with Judge Lindsey of Denver, to the Colorado strike situation, stating through a secretary, that the interview would never take place.

At Mr. Rockefeller's office it was said that a letter and a telegram had been received from Judge Lindsey asking for an interview but Mr. Rockefeller had refused to meet him. The secret that Judge Lindsey had been admitted to the Rockefeller estate at Pocantico Hill and spent the night there was absurd, said the secretary.

BECKER DISCUSSES APPEAL.

Convicted Police Lieutenant Has Not Given Up Hope Yet.

By Associated Press.

NEW YORK, May 23.—The only conference arranged this morning for Charles Becker, convicted yesterday for the second time of the murder of Herman Rosenthal, was with his counsel, Martin Manton, and Mrs. Becker.

The basis for an appeal from the subject, it was said, was the subject under discussion at the conference. Becker spent a quiet night and was refreshed and comparatively cheerful. He ate a hearty breakfast.

JOBS IN OKLAHOMA.

Congressman Hughes Seeks to Recover Big Estate for Daughters.

WASHINGTON, May 23.—General debate on the estate of Senator George F. Hoar, who died last year, was opened today by Representative Valley of Johnston, Pa., Democrat, who declared that the measure of his interests lies in special privileges.

He wants them produced at an arbitrary figure in the case of the Steel Trust, or in the shape of royalties exacted in the use of natural opportunities, as with the Hard Coal Trust, the effect is the same.

COKERS MAKE IT THREE STRAIGHT FROM UNIONTOWN

Giant Killers Take Opening Contest in the County
Seat.

THEY SLAM THE BALL HARD

Touch Up the Uniontown Curvers for
18 Safe Dings; Purseedon has
Two Bad Innings, But They Are Not
Bad Enough to Help the Paige Men.

It's all off. Three straight games from Uniontown, the third by the score of 19 to 6. Uniontown has decided that Fred Paige and his ball players will have to be banished. When Uniontown had lost two games, it was only thought necessary to put them in jail, but after the Cokers took the opening game of the season at Uniontown yesterday, hanging is the only punishment that will satisfy the Giant rooters.

Ten runs, 18 hits and only one error was Connellsville's showing yesterday, while Uniontown gleaned six runs, eight hits and six errors. Connellsville pelted the offerings of McCarty, Donley and Fisher with great regularity. McCarty did a fine sole inning but Fisher, who hauls from Leavenworth, was kept in through most of the murderous onslaught of the Cokers. Donley had a brief turn, Cherry is credited with four hits, Haughman and Francis three, Myers and Engle each two.

Purseedon pitched another nice game. He had good control at all times and in the ninth inning when two men were on base and three balls and two strikes on Miller, who is no mean hitter, he snaked a nice one over the middle of the plate and ended the game.

Rod Nash, who is umpiring nicely, emphatically set the fielders to catch fast after hitting the two home clot to right center. Alington was called out and he is a result Connellsville five smashing cracks, two double and three singles resulted in only three runs. The score:

If Fred Paige is paying \$1,200 a month for that outfit he is stuck.

Sporting editors over the circuit have one thing to be thankful for—Uniontown has a scorer who knows how to compute the times at bat. The at-bat column is far more important than that for either putouts or assists, so far as judging what a player is doing.

McCarthy, which has been getting the pace down in West Virginia, will be here on Monday and Tuesday and fans will have an opportunity to see just how good the Cokers are against other teams.

Uniontown raised a howl about a safety foul. Good night! Remuner the milliohnders?

GUARD THE KIDNEYS

Millions Die of Kidney Disease; Ten Thousands Have It Right Now and Never Suspect It.

The sun and moon plan to attack the kidneys healthily and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases to take a few doses of Thompson's Barosineum every three months.

POLITICS AND BUSINESS.

That now famous Democratic financial authority, Barker Henry Clews of New York, offers some further advice today to the Democratic administration. He says:

"The most uncertain element in the outlook is of course the political situation. Nothing has done more to bring on the present reaction than the continued attacks upon business for political purposes. It must be recognized that many of the attacks were brought on by past misdeeds of our captains of industry. But, on the other hand, it must be remembered that many of these acts were now done in the heat of the war and much of it is beyond repair. Let punishment fall where punishment is due, and let such laws as may be necessary to prevent repetition be enacted with as little disturbance as possible, but nothing is gained by hampering the reconstructive and regenerating work which is already making greater headway than is generally realized in the industrial system. Higher standards of conduct are being established in all of our great industries; and, if our legislators would only work with rather than against economic reform, they would diminish instead of increasing the number of unemployed. The new anti-trust bills are a source of considerable anxiety in business circles owing to their unreasonable stringency in regard to interlocking directorates holding public and private firms. Some modifications of existing laws in these respects may be desirable, but they should be kept within reason, and it should not be forgotten that the country is suffering more from too much government interference than from any other evil."

We commend this excellent advice to the Democratic organization of Fayette county which has been quoting Barker Clews with approval. We would suggest that the Fairless Boys whose organization is said to reach the throne room at Washington, consider well the concluding proportion of this New York financial authority that the worst evil the country has to contend with now is "too much government interference."

The Courier has expressed this view on the subject, but the Democratic organ has relegated it on the ground that it was a political opinion. The Courier has political opinions, to be sure, but it doesn't mix them up with business. It might be added that the country would be infinitely better off today if there had been less politics mixed with business at Washington.

MOVES TO AMEND.

The Democratic Anti Trust bill now pending provides Article 6 "That nothing contained in the anti-trust laws shall be construed to forbid the entry of any article of commerce, consumers' agricultural and horticultural associations, or to forbid or restrain individual members of such orders and associations from carrying out the legitimate objects of such associations."

To avoid ambiguity, the Saturday Evening Post proposed to add the section to the bill reads as follows: "We stand between the devil and the deep sea. We have declared that there shall be no restraint of competition and have made that the cornerstone of our popular trust-busting policy, but we tested applicants that dictum would have every labor man in the country up in arms, operators, workingmen, association of farmers and fruit growers. We dare not put these labor and agricultural associations squarely inside of our trust policy for that would cost too many votes. We dare not put them squarely outside, for that would give commercial combinations the great advantage over us. The best that we can do is to take the middle road, to restrain associations from whispering behind our backs that they may slip out the back door, which is not locked at all—the same time preserving a stony and forbidding face towards all co-operation among manufacturers and merchants."

The amendment expresses the sentiment of the legislators entirely, but well to set them, yet it expresses it accurately. The Democracy of Jefferson and Jackson was never democratic quite like this.

THE NEW FREEDOM.

"I thank God that Woodrow Wilson has set business free," said Secretary Bryan in a speech delivered at Altoona during the primary campaign when he came to town. Bryan "vowed to the influential districts that he would support Fairless and McCormick. The remark provokes the following caustic comment from the New York Sun:

"Not only has business been set free, but a large number of its practitioners have incidentally acquired full liberty. Where a few years ago their lives were spent in monotony and their thoughts were mainly relieved of all responsibilities before the 7 o'clock whistle, Many a man in danger of becoming dyspeptic through hasty consumption of the morning meal imposed by the thraldom of the 7:30 is today free from the haunting fear that he may be late at his desk. Never before have there been so ample leisure to devote to the study of great questions and the contemplation of imposing personalities. Business is free; so are many coarse creatures hitherto submerged in its trivialities."

Some things that are free in the beginning are very expensive in the end.

The resolution charging the water company \$1,000 per month for rental of the street lamp standards is a bluff, but the majority of the business men in the present extract is held to be in force by mutual consent, the resolution is folly; if otherwise, it is only notice of a possible defense to a legitimate claim and does not make the defense any stronger or better to disclose it. As a bluff, however, it is magnificent.

The council should be courteous to citizens and should exact the same conduct from them.

"The more spots in The Courier offices over the defeat of Ryan relate to heat," says the highly imaginative Connellsville News. Common sense would suggest that the Young region Barefoot organ let the more spots. The Courier, however, devotes its energies to holding some of the more spots in the Democratic party, particularly that ugly reference to the Donnellys, Ryans and Brennans.

The Connellsville News "pauses pensively" in short pants, too.

An enterprising Brownsville reporter in the Uniontown News Standard tells an interesting story of a poor Spanish miner living near High House who has invented a bumper for the front of a ship for which he has been offered \$12,000 by a shipbuilding firm in Denver, Col. The firm must build ships.

Uniontown's deadly grade-crossing is adding to its record.

The Uniontown News Standard says: "The Connellsville News and The Courier are engaged in a little post-primary armgiving." The Standard is slightly in error. The News is doing the armgiving.

The gates of Panama are sound and safe.

In spite of a vote of credit amounting to \$100,000, economy seems to be the watchword at the city hall.

Every Mexican bandit has become a general and gets his picture in the American newspapers.

The coke production of 1913 broke the record. The coke production of 1914 will not contest the honor with 1913.

Dictator Huerta won't resign, but if the Peace Commissioners wait long enough the Constitutionalists will have him eliminated from their equation.

The announcement that coke breeze has been used successfully for burning lime adds a new possibility and a new value in this hitherto waste product of coking.

There are not enough free horses to go around among the ambitious school children, but perhaps some of the present proprietors will be willing to take in new partners when the weeds and the bugs come.

The high school classes are getting larger in the city grows and the country becomes more appreciative of the advancement of the high school.

The Bull Moose organ of Uniontown and Johnstown are telling each other confidentially that the output is gloomy for Penrose. If the returns are gloomy for Penrose, we fail to see where they afford any consolation for Pinchot.

Fairview avenue's skeleton was disappointing. It produced no story of mystery or crime.

Abe Martin.

Mr. Marty Tanger, local president of the American Thrift Society, has traded his home for a seven passenger car. Woods have taken the 'ole Moos residence for 'em summer.

Hints for women, motions for now trials in pictures o' Mexicans make up 'th' average newspaper these troublous days.

Suppose there is an advertising campaign on in the local newspapers exploiting some article that happens to be in your stock.

Naturally that name is in the public mind, and that is a desire to see that particular article. Then, it is natural to put it in your windows and let the public know you are on the job.

People like a live store, and they naturally class the merchant who shows them what they want to see as one who is alert to his and to their opportunities.

Make your windows talk at the right time.

SCOTTDALE

Special to The Courier.

SCOTTDALE, May 23.—The Y. M. C. A. is considering the putting on of a cedar contest among the boys again this year. This contest is dependent upon a sufficient number of boys entering, and it is believed that a good number of amateur farmers and others will enter the band in the agricultural line. The contest held last year, which was the first ever made to Secretary J. A. Addison at once.

OPPORTUNITY OFFERED FOR BIG MONEY MAKING

MEN WHO WANT TO BE THEIR OWN LANDLORDS AND PEOPLE WHO WISH TO SEE THEIR SAVINGS MULTIPLY WAITING FOR SALE OF LOTS.

THE WEST CONNELLSVILLE PLAN

Terms to Suit Everybody: Auction Sale Wednesday and Thursday, June 3 and 4. With Sheds and Poles. Lots Beautifully Located. Convenient to Town Owned by Robinson & Coughenour.

West Connellsville will grow in value and popularity just as rapidly as did Greenwood and other suburban settlements and additions to Connellsville. Located right west of Greenwood on the street car line, abutting the borough line, with all the conveniences and comforts of residents in the heart of town proper, 50 lots will be sold to the highest bidder daily, Wednesday and Thursday, June 3rd and 4th, commencing at 1:30 P.M. each day.

Lots bought in every new addition to Connellsville have made over 100 per cent profit for early purchasers and those in West Connellsville will do the same if not more.

The land is admirably adapted for building sites and the chance for profitable investment was never better or more inviting. The buyer fixes the price and the terms of payment are too easy to pass by.

Anybody can own a lot who has the inclination to do so. Real estate always grows in value. It increases now with winter's sleep and it is something worth while to leave when you live and a good thing to leave for your family when you die.

West Connellsville lots are most desirable. This one at the auction sale is a property owner. You get the lot at your own bid, no matter what it is, and you can have it in a day—no sales of lots at West Connellsville.

There will be good music all of the time and valuable prizes will be given away to those who are on the ground.

Whether you buy or not, the prize contest of one free building for each day gold watches and gold coins.

In terms \$25 down and \$10 per month until the lot is paid for and they are certainly fair and easy enough for anybody.

The West Connellsville Plan of Lots is the property of Nevers, Robinson & Coughenour. First National Bank building, and the Am. Auto Sale of Lots will be conducted by W. W. Seaton, the local and successful suburban real estate developer of Uniontown, whose principles of fair dealing with the public are sufficient assurance that the buyers will get full value on their investment on Wednesday and Thursday, June 3 and 4.—Add.

WRIGHT-METZLER CO.

STORE CLOSES DAILY AT 5:30, SATURDAYS, 9 P. M.

WRIGHT-METZLER CO.

Men's \$25 Hand-Tailored, All-Wool Blue Serge Suits \$19.75**The \$30 Grade . . . \$23.50 The \$20 Grade . . . \$14.85 The \$15 Grade . . . \$11.25
Best Blue Serge . . . Fine Blue Serge . . . Good Blue Serge . . .**

These are the serges that we guarantee will give the right kind of service to the buyer. They have merit that puts them in a class apart from other serges equally priced. The textures are ALL-wool of a superior quality; the weaves are cable-strong, whether heavy or extra fine. The color is dark blue, guaranteed not to fade from sun rays or summer showers. Each suit, whatever its price, is modeled in the style of today. You have choice of plain, dignified models or of smart,

English fashions. The suits are three-piece or Norfolk style; single or double-breasted. They are well-fitting suits, tailored by high-class workmen and only safe-grade materials are in them. They look well from the outside and are extra good inside. Trousers hang just so; collars hug the neck; sleeves and fronts are put in place and shaped by fingers and thumbs. Silk and linen-sewed seams; hand-worked button holes; perfectly-matched buttons and garment lines trim and neat.

WRIGHT-METZLER SERGE SUITS HAVE LONG BEEN THE PREFERENCE OF MEN WHO KNOW QUALITY. IF ANY SUIT MUST BE PERFECT IN FABRIC AND LINE—IT'S THE SERGE SUIT OF SUMMER. POOR TEXTURES SHOW THEIR WEAK SPOTS; ANY VARIATION IN THE DYE LOOMS UP ALARMINGLY. POORLY TAILED, A SERGE SUIT SOON LOSES ITS SHAPE. YOU CAN PUT FULL DEPENDENCE IN THESE WRIGHT-METZLER SERGES AND BANK ON THEM SERVING SATISFACTORILY. IF A DEFECT DEVELOPS, BRING THE SUIT BACK INSTANTLY—it WILL BE REPAIRED WITHOUT QUIBBLING. PRICES RARELY COME DOWN AS YOU SEE THEM, EARLY IN THE SEASON—BUT HERE THEY ARE, ACTUAL REDUCTIONS FROM FAIR, REGULAR RATES. SIZES FOR EVERY BODY.

About 150 pairs Men's blue serge trousers at \$4 and \$3.50 for the kinds regularly selling at \$5 and \$4.50. Well made of sound, color-fast heavy or fine weave serges.

We are discontinuing the line of Carhartt Over-clothes. Remaining Garments are marked \$1.75 the suit for the regular \$2.00 and \$2.50 grades, the latter in big sizes.

A Man Doesn't Choose a Traveling Bag for a Day

Instead, he looks ahead to years of hard service, and he has a right to expect it from a store such as this, that makes a point of knowing that the right kind of leather goes into every piece of luggage it sells.

STRAW HATS should be bought now for a full season's wear. Here the best hats are in new shapes and American and foreign made. As always, values are extra good—the variety going ahead of the stocks in other stores. Special values at \$1, \$1.50 and \$2. Finest hats \$2.50 to \$4. Panama hats in newer blocks, \$5 and \$10. There's becoming, full-crown shapes for elderly men, and the snappiest "boaters" for young men. Rough braids, split straws, fine and coarse sennits. Smooth and saw tooth edges. Clothing Store.

Pretty Novelty Garments for Little Boys

The "Dickens" suits are best known; but that is only one style. Colors and materials are used that were hardly thought of a little while ago, combining with new styles of cutting to effect bewitching suits. Prices on all suits begin at \$1, and there is a wide choice between this and \$6.50.

Beach suits, 50c to \$1.50.
Norfolk suits of Ithaca or Khaki,
50c each.

WITH a statement of the facts regarding the extent of choice, character of the clothes--their worth and desirability--we leave it to you who know the store, to decide whether it's a golden opportunity or not. The selling started Thursday, this week.

There are suits for every possible occasion of dress—utility or formal wear. The sizes and models are for misses, junior and women of regular or uncommon build. The garments are from reliable makers, some of note, whose creations are very elaborate and original. But all the suits in stock are not thus distinguished—we have two-piece garments decidedly practical, with elegant lines charmingly simple; and there's models between the two extremes—clever suits that can be worn frequently without losing in interest to the wearer.

The textures and trimmings; linings and finish, are rich and beautiful. The perfect weaves are plain or fancy and colored ex-

quisitely. Every color-tone in vogue this season is represented as well as the most of the odd, unusual weaves.

Of great importance to modish dressers is this fact: Every garment in stock is a 1914 spring and summer model. No suits were carried over from last season. We believe that no other store here can bear out a like statement. The oldest suit we have, is not three months in stock—if any remain from those first to arrive. You will find advance late summer models in this collection—suits not yet shown elsewhere; and SILK suits—copied from the models of celebrated designers.

You who seek truly fine clothes, will find them here at prices that will not buy garments of like fashionableness, nor equal texture goodness, anywhere else in town.

Here, suit assortments offer the best choice of refined, in-fashion apparel. Such is the intention of this better store. To hold the interest of a critical, style-schooled patronage, our Floor of Fashions must present, the instant it's approved, each vogue of the moment. We are doing it, and letting the very newest things go for even LOWER prices than are asked elsewhere for things without the merit of quality or recent fashion newness.
